## Company Profile

**ISO 9001 2015 CERTIFIED COMPANY**

**GELIUM is synonymous with innovation and quality. All GELIUM products are manufactured by highly qualified and experienced technocrats. Our plant is well-equipped and uses the latest world-class technology, keeping pace with the needs of next-generation engine technology.**

**At GELIUM, we believe in balance: balance between top-line growth and bottom-line cost management, between large and small market opportunities, and finally, between the development and commercialization of GELIUM Lubricants carefully selected products.**

**At GELIUM, we are committed to leading the lubricant industry. The corporate environment we have created and continue to nurture, combined with the expertise of our specialized and devoted team, is accelerating our company towards this ultimate goal.**

**Detailed description**

Gelium EZN 7000 4T is premium quality motorcycle engine oil developed specifically to meet the requirements of 4-stroke motorbike engines. Gelium EZN 7000 4T is blended from superior quality hydro processed base oil and advanced additive technology. This oil offers superior engine cleanliness and smoother clutch performance, leading to better ride comfort. Higher viscometrics of this oil offers protection against wear by providing strong oil film. Gelium EZN 7000 4T provides outstanding resistance to oxidation and keeps the engine parts clean and free from carbon deposits formation even at extreme operating conditions.

**Performance benefits**

- Quick engine start • Resistance to oxidation and thermal degradation • Excellent engine protection • Enhanced control

**Application**

Gelium EZN 7000 4T engine oil is recommended for all new generation 4 stroke motorcycles manufactured by leading manufacturers which recommend SAE 20W-40 viscosity grade. This oil is also suited for air cooled 4 stroke engine of two wheelers.

**Pack Size:- 900ml, 1L, 50L, 210L**

**Detailed description**

Gelium EZN10000 is a super-premium quality motorcycle engine oil formulated on synthetic technology with the most advanced additive chemistry to lead rest of the motorcycle engine oils in the market. The synthetic technology in Gelium EZN 10000 is the key in providing unmatched fuel efficiency, lower oil consumption and superior film strength while lubricating the modern bikes with high power densities and elevated temperatures of operation. The cutting-edge-technology additive chemistry boosts the oil performance in rendering excellent engine cleanliness, high protection to the engine and transmission while ensuring a smooth clutch operation, vital for rapid pick-up.

**Performance benefits**

- Suitable for BS VI compliant bikes • Excellent control on engine deposits • Fuel efficiency • Superior protection to gears • Longer engine & oil life • Ensures smooth wet-clutch • Lower oil consumption

**Application**

Gelium EZN10000 grade is available in 20W40 viscometrics and is recommended for BS VI compliant new generation fuel efficient geared 4- stroke bikes. Gelium EZN10000 grade far exceeds the requirement of the bikes manufactured by HMSI, Hero MotoCorp, TVS, Bajaj, etc.

**Pack Size:- 900ml, 1L, 50L, 210L**

**Detailed description**

Gelium ScootPro grade is a high quality Scooter Engine Oil designed to meet the demanding lubrication requirements of modern 4-stroke gearless scooters. Gelium ScootPro grade is manufactured from the finest Group II base stocks and state of the art additive technology to meet the most stringent requirements of API SN and JASO MB specifications. Gelium ScootPro grade provides superior protection for the engine of a scooter against wear and deposits. The special friction modifier in the formulation helps deriving better fuel efficiency from your scooter engine.

**Performance benefits**

- High engine durability • High fuel efficiency and low oil consumption • Lower maintenance cost • Longer Oil drain interval

**Application**

Gelium ScootPro grade is recommended for all new generation gearless 4-stroke scooters like Honda Activa, Piaggio Vespa LX 125, Hero Pleasure, Mahindra Rodeo RZ, Mahindra Duro DZ, Mahindra Gusto, Yamaha Ray and TVS Wego etc. Gelium ScootPro grade is also recommended for the various models of scooters manufactured by other reputed manufacturers in the country.

**Pack Size:- 800ml, 50L, 210L**

**Detailed description**

Gelium ScootPulse 5W30 grade is the premium quality engine oil made to cater to the highly demanding lubrication requirements of modern 4-Stroke geared bikes and scooters. Gelium ScootPulse 5W30 is manufactured from the paraffinic base stocks and state of art additive technology to meet the most stringent requirements of API SN as well as JASO MA. Gelium ScootPulse 5W30 provides superior protection for engine, clutch and gears of a motorcycle and scooter which helps you to derive the best performance from your bike all the time, while ensuring high engine durability.

**Performance benefits**

- High engine durability • High fuel efficiency • Low oil consumption • Lower maintenance cost • Longer oil and engine life

**Application**

Gelium ScootPulse 5W30 grade is recommended for new generation geared 4-stroke bikes and scooters manufactured by most of the reputed manufacturers like Hero Motors, Bajaj, Yamaha, Honda, Suzuki, TVS, Royal Enfield etc.

**Pack Size:- 600ml, 50L, 210L**

**Detailed description**

Gelium EZN 11000 10W30 is a premium quality motor cycle engine oil made to cater to the highly demanding lubrication requirements of modern 4-stroke geared bikes. It is manufactured from the finest group II base stocks and state of art additive technology to meet the most stringent requirements of API SM as well as JASO MA 2. Gelium EZN 11000 10W30 provides superior protection for engine, clutch and gears of a motor cycle which helps you to derive the best performance from your bike all the time, while ensuring high engine durability.

**Performance benefits**

- Low oil consumption • Lower maintenance cost • Longer oil and engine life • High engine durability • High fuel efficiency

**Application**

Gelium EZN 11000 10W30 is recommended for new generation geared 4-stroke bikes manufactured by most of the reputed manufacturers like Hero Motors, Bajaj, Yamaha, Honda, Suzuki, TVS etc.

**Pack Size:- 900ml, 1L, 50L, 210L**

**Detailed description**

Gelium Ultra Drive 15W50 is a premium quality motor cycle engine oil made to cater to the highly demanding lubrication requirements of modern 4-Stroke geared bikes. Gelium Ultra Drive 15W50 is manufactured from the finest Group II base stocks and state of the art additive technology to meet the most stringent requirements of API SL as well as JASO MA 2 specifications. Gelium Ultra Drive 15W 50 provides superior protection for engine, clutch and gears of the high powered Motor Cycles, especially those with engine displacement of 350 cc and above.

**Performance benefits**

- Low oil consumption • Lower maintenance cost • Longer oil and engine life • High engine durability • High fuel efficiency

**Application**

Gelium Ultra Drive 15W50 is recommended for all models of geared 4-Stroke bikes manufactured by Royal Enfield, viz. Thunderbird 500, Thunderbird 350, Classic Desert Storm 500, Classic Battle Green, Classic Chrome, Classic 500, Classic 350, Bullet Electra Twinspark, Bullet 350 Twinspark, Bullet Electra EFI, Bullet Electra Delux, Bullet 500 EFI etc.

**Pack Size:- 2.5L, 50L, 210L**

**Detailed description**

Gelium Slick Motion 5W30 is a high quality synthetic engine oil specifically designed for modern cars running on Petrol/Diesel/ LPG/CNG/Bio-Diesel. Gelium Slick Motion 5W 30 is manufactured from finest API Group III base stocks and state of art additive technology to meet the most stringent requirements of API SN, ACEA A5/B5 thus making it suitable for modern cars running on petrol or diesel fuels. Gelium Slick Motion 5W30 provides exemplary benefits in reduction of piston deposits, improved fuel economy benefits and after treatment compatibility.

**Performance benefits**

- Low oil top-up • Longer engine life • High fuel efficiency • Unmatched reduction in piston deposits • Improved after-treatment compatibility

**Application**

Gelium Slick Motion 5W30 is recommended for various models of Tata Motors, Maruti- Suzuki, Hyundai Motors, Renault, Nissan, Datsun, Chevrolet, Toyota, BMW, GM and Ford etc. requiring a 5W30 engine oil, running on Petrol/Diesel/LPG/CNG/ Bio-Diesel etc.

**Pack Size:- 500ml, 3L, 3.5L, 5L, 210L**

**Detailed description**

Gelium Nexgen 20W50 is a high quality engine oil specifically designed for modern cars running on Petrol/LPG/CNG. Gelium Nexgen 20W50 is manufactured from finest quality paraffinic base stocks and state of art additive technology to meet the requirements of API SL/CF specifications. Gelium Nexgen 20W50 provides exemplary benefits in reduction of piston deposits and anti- wear protection resulting in longer engine life.

**Performance benefits**

- High engine durability • Lower oil consumption • Outstanding engine cleanliness & enhanced engine life

**Application**

Gelium NexGen 20W50 is recommended for various models of Passenger Cars running on Petrol/LPG/CNG requiring SAE 20W50 grade engine oil with API SL/CF performance.

**Pack Size:- 500ml, 3L, 3.5L, 50L, 210L**

**Detailed description**

Gelium CNG Green grade is a premium quality engine oil developed for CNG/LPG and Petrol vehicles. The product is made from highly paraffinic base stocks and fortified with select additives to deliver satisfactory performance benefits in running on CNG/LPG and Petrol. Gelium CNG Green is available in 20W50 viscometrics. The superior additive chemistry ensures protection against oxidation and nitration caused due to high temperature combustion of CNG/LPG fuels in engine. Right dosage of anti-wear and balanced detergency helps to protect the engine from wear and deposits, resulting in trouble free operation for longer service intervals.

**Performance benefits**

- Gelium CNG Green grade is suitable for use in all seasons and helps in reducing oil consumption • Extended oil life due to excellent oxidation and nitration resistance • Prevents ash accumulation and deposit formation

**Application**

Gelium CNG Green is recommended for all types of vehicles running on CNG/LPG and Petrol fuel. Gelium CNG Green grade can also be used in petrol engines to render satisfactory performance.

**Pack Size:- 500ml, 1L, 3L, 3.5L, 50L, 210L**

**Detailed description**

Gelium Supreme Gold 15W40 CI-4 is engineered as a premium engine oil for heavy commercial vehicles (HCVs) and tractors. It is formulated with the highest-quality paraffinic base oils and cutting-edge additive technology to address the rigorous operational demands of Indian tractors, particularly in field conditions.

**Performance benefits**

- Superior wear protection • Outstanding engine cleanliness • Enhanced oil life • Rust and corrosion defense • Eco-friendly

**Application**

Gelium Supreme Gold 15W40 CI-4 is ideal for modern TREM IIIA-compliant engines in HCVs and tractors from John Deere, M&M, Escorts, ITL (Sonalika), New Holland, HMT, and TAFE. It also enhances performance in older tractors (TREM II/III) and is suitable for construction equipment and DG sets.

**Pack Size:- 500ml, 1L, 3L, 3.5L, 5L, 6L, 7.5L, 10L, 15L 50L, 210L**

**Detailed description**

Gelium Prime Plus 20W40 is a high quality multi grade diesel engine oil blended with superior quality high viscosity index base oil and well balanced group of additives to provide high detergency, dispersancy and anti-oxidation characteristics. This oil is formulated to perform under the most stringent operating conditions of heavy duty diesel engines and offers outstanding protection against oil degradation, oil thickening and corrosion. Gelium Prime Plus 20W40 provides the highest level of protection for relatively older diesel engines, large or small, non-turbocharged or turbocharged diesel engines.

**Performance benefits**

- Enhanced engine life • Engine cleanliness • Excellent shear stability

**Application**

Gelium Prime Plus 20W40 is recommended for use in heavy duty commercial vehicles, light commercial vehicles, multi utility vehicles, tractors, 3 wheelers, gensets etc. fitted with high speed naturally aspirated or turbo charged diesel engines operating at low speed and high torque conditions prevalent in prolonged city stop and go driving conditions and also in hilly regions.

**Pack Size:- 500ML, 1L, 5L, 6L, 7.5L, 10L, 20L, 50L, 210L**

**Detailed description**

Gelium Brake Sure is a universal tractor transmission oil specially formulated with superior base oil and robust additive technology. It offers reliable clutch performance, noise-free brake operation, enhanced wear protection & load carrying capability thus reducing maintenance cost.

**Performance benefits**

- Offers reliable clutch performance • Enhanced load carrying capability thus reducing maintenance cost • Ensures noise free brake operation • Enhanced wear protection for hydraulics, brakes, gears

**Application**

Gelium Brake Sure is recommended for agricultural tractors, off-highway and mining equipment with common sump for hydraulics, power steering, differential and oil immersed brakes.

**Pack Size:- 5L, 10L, 20L, 26L, 50L, 210L,**

**Detailed description**

Gelium HydroMax 68 is blended from deep hydro finished base stocks and select additives. The additives are designed for optimum compressor operation. The additives are used to enhance the oxidation stability, anti-rust characteristics, anti-wear properties of the oil. The oil has natural demulsification property, low foaming tendency and quick air release property.

**Performance benefits**

- Outstanding oxidation and thermal stability • Excellent hydrolytic stability • Maintains excellent internal surface cleanliness • Good protection against corrosion • Good demulsifying properties • Low foaming tendency • Excellent seal compatibility

**Application**

Gelium HydroMax 68 is recommended for machining headstocks, centralized lubrication systems, tipping gears and lightly loaded reciprocating compressors.

**Pack Size:- 5L, 10L, 20L, 26L, 50L, 210L**

**Detailed description**

Gelium Trans Power ATF is a premium quality transmission and drive train oil formulated from high quality hydro treated base stocks and carefully selected additives designed to meet the automatic transmission fluid requirements. Gelium Trans Power ATF maximizes the life of the frictional materials in automatic transmissions due to its special friction characteristics coupled with better shear stability. High viscosity index and a very low pour point, boosts the fluid's capability to be used over a wide temperature range.

**Performance benefits**

- High Balanced lubricity and other functional properties • Unmatched performance in operation of automatic transmissions • Minimizes clutch-plate wear • Superior oxidation and deposit control to render new-like performance for longer service intervals • Superior protection against rust and corrosion

**Application**

Gelium Trans Power ATF is recommended for automatic transmissions and power steering units of automobiles and light trucks. The product can also be used for several other automatic transmissions, power steerings and hydraulics.

**Pack Size:- 500ml, 1L, 5L, 50L, 210L**

**Detailed description**

Gelium Pump Xpert is an engine oil developed for agricultural Pump-Sets running on Diesel, Kerosene or Light Diesel Oil (LDO). The product is made from paraffinic base stocks and fortified with select additives to deliver performance benefits in the pump-sets used in agriculture and farming activities. The superior additive chemistry not only ensures greater protection of the engine against wear and rust, its balanced detergency helps to keep the engine clean and trouble free for longer service intervals.

**Performance benefits**

- Longer oil life and equipment life • Offers better fuel efficiency • Protects engine from wear and rust • Higher levels of engine cleanliness

**Application**

Gelium Pump Xpert is recommended for all types of agricultural and farm equipment like Pumpsets, Tractors, Powertillers, Harvesters & DG sets requiring good quality Diesel Engine Oils. Gelium Pump Xpert can also be used in petrol engines to render satisfactory performance.

**Pack Size:- 1.2L, 3L, 3.5L, 50L, 210L**

**Detailed description**

Gelium Xtreme EP 90 is a superior quality extreme pressure automotive gear lubricant. It is formulated from select base stocks and advanced additive system. This oil is developed for use in spur, helical, hypoid and bevel gears where mild extreme pressure is expected. Multifunctional additives impart good antiwear, antirust characteristics along with high resistance to oxidative and thermal degradation. It has a high film strength even at an elevated bulk oil temperature and offers protection to the gear. This oil facilitates easy gear shifting even at a very low ambient temperature.

**Performance benefits**

- Excellent thermal & chemical stability
- Protection against rust and corrosion ensuring longer trouble free protection

**Application**

Gelium Xtreme EP 90 is recommended for manual transmissions of automobiles requiring this type of extreme pressure oils

**Pack Size:- 500ml, 1L, 5L, 10L, 20L, 26L, 50L, 210L**

**Detailed description**

Gelium Master EP 140 is a superior quality extreme pressure automotive gear lubricant. It is formulated from select base stocks and advanced additive system. This oil is developed for use in spur, helical, hypoid and bevel gears where mild extreme pressure is expected. Multifunctional additives impart good antiwear, antirust characteristics along with high resistance to oxidative and thermal degradation. It has a high film strength even at an elevated bulk oil temperature and offers protection to the gear. This oil facilitates easy gear shifting even at a very low ambient temperature.

**Performance benefits**

- Superior protection to gears under heavy loads
- Good thermal stability and seal compatibility
- Superior protection against rust and corrosion

**Application**

Gelium Master EP 140 is recommended for Drive axles, Differentials, Constant Mesh Gear Boxes and Auxiliary Gear Boxes of automotive requiring an extreme pressure oil.

**Pack Size:- 500ml, 1L, 5L, 26L, 50L, 210L**

**Detailed description**

Gelium Trans Fusion 75W90 is hypoid gear oil having long service life due to its extremely good oxidation stability. This oil is blended from selected base stocks and contains additives to provide extreme pressure, anti-rust-corrosion characteristics.

**Performance benefits**

- Satisfy the lubrication requirements of a wide variety of gears.
- Provide protection against wear, due to good EP characteristics
- Give long service life even under high temperature operation since it has excellent oxidation stability

**Application**

Gelium Trans Fusion 75W90 is recommended for hypoid, spiral bevel or worm gear transmission systems of cars, buses and highway trucks requiring EP type lubricants. This oil having very low pour point, can be used for power transmission unit of vehicles operating at sub- zero temperature.

**Pack Size:- 2.5L, 50L, 210L**

**Detailed description**

Gelium Xtreme Gear 80W90 is a premium quality automotive gear lubricant specially formulated to meet the requirements of the new class of compactly built synchromesh gearboxes. . Gelium Xtreme Gear 80W90 is tailor-made for such applications with superior thermo-oxidative stability, high EP and antiwear properties, low copper activity, enhanced protection against corrosion, rust and formation of sticky deposits.

**Performance benefits**

- Enables smooth shifting of gears
- Gives outstanding protection against rust and corrosion
- Gives extra fuel economy and excellent all weather performance due to improved cold weather properties

**Application**

Gelium Xtreme Gear 80W90 is especially suitable oil for modern gear boxes. This oil can also be used in gear box, differential, steering gear box and other mechanical transmission systems of all models of passenger cars, heavy and medium duty vehicles, tractors and off-highway earth moving machinery with extended drain interval and increased component life.

**Pack Size:- 1L, 2.5L, 5L, 7L, 5.L, 210L**

**Detailed description**

Gelium Trans Synthex 85W140 grade is a high quality extreme pressure type multi-grade automotive gear oil specifically designed to address the requirements of gears, particularly hypoid gears in passenger cars, heavy commercial vehicles and other automotive equipment operated under high-speed, shock-load; high-speed, low-torque; and low-speed, high-torque conditions.

**Performance benefits**

- Fuel economy
- Longer oil and component Life
- Excellent protection to gear components against wear under heavy loads
- Permits operation across broad temperature range

**Application**

Gelium Trans Synthex 85W140 grade is recommended for the new generation vehicles for heavy duty service in their differentials, rear axles, live front axles and final drives.

**Pack Size:- 500ml, 1L, 5L, 10L, 12L, 50L, 210L**

**Detailed description**

GELIUM MP3 Grease is a premium quality all-purpose automotive grease. Recommended for all types of wheel bearings used in automobiles e.g Heavy duty, Light commercial, Passenger vehicles etc.

**Performance benefits**

- Excellent thermal and oxidation stability
- Resistance to water wash out
- Superior protection against rusting & corrosion
- Longer bearing life

**Application**

GELIUM MP3 Grease is recommended for all grease-lubricated parts of automobiles including commercial vehicles.

**Pack Size:- 0.5kg, 1kg, 2kg, 3kg, 5kg, 18kg, 180kg**

**Detailed description**

Gelium Red Gel Grease is a premium quality, super smooth, transparent look, and extra-long life lubricating grease. It is developed from selected base oil, special semi – complex thickener technology and advanced additives package. It gives optimum mechanical & thermal stability that ensures best suitability for wheel bearings of passenger cars, farm equipments, off and on – highway commercial vehicles and new generation multi – axle trucks for long haul service. This product has NLGI 3 consistency.

**Performance benefits**

- Superior protection against rusting & corrosion
- Longer bearing life

**Application**

Gelium Red Gel Grease is recommended for all grease-lubricated parts of automobiles including commercial vehicles.

**Pack Size:- 0.5kg, 1kg, 2kg, 3kg, 5kg, 18kg, 180kg**

**Detailed description**

Gelium APLR Grease is a calcium soap grease. Designed for general chassis lubrication. Also recommended for the lubrication of track rollers and idlers of certain crawler type tractors.

**Performance benefits**

- Excellent water resistance
- Lasting qualities in spring shackles and steering connections
- Acts as protective layer on exposed parts
- Clings to bearing surfaces

**Application**

Gelium APLR Grease is recommended for all grease-lubricated parts of automobiles including commercial vehicles.

**Pack Size:- 18kg, 180kg**

**Detailed description**

Gelium Trans Gel Grease is a premium quality, super smooth, transparent look, and extra-long life lithium based grease. It is developed from selected base oil, special semi – complex thickener technology and advanced additives package. It gives optimum mechanical & thermal stability that ensures best suitability for wheel bearings of passenger cars, farm equipments, off and on – highway commercial vehicles and new generation multi – axle trucks for long haul service. This product has NLGI 3 consistency.

**Performance benefits**

- Superior protection against rusting & corrosion
- Longer bearing life

**Application**

Gelium Trans Gel Grease is recommended for all grease-lubricated parts of automobiles including commercial vehicles.

**Pack Size:- 0.5kg, 1kg, 2kg, 3kg, 5kg, 18kg, 180kg**

**Detailed description**

Gelium Iceguard is a ready to use radiator coolant with superior anti-freeze & anti-corrosive properties. Gelium Iceguard to be directly poured in the radiators of automobiles as it is in ready to use form.

**Performance benefits**

- Effective cooling
- Good chemical stability
- Excellent protection against rust & corrosion

**Application**

Gelium Iceguard is recommended for use in cooling system of all Diesel vehicles, Passenger cars, Jeeps, Vans & Tempos.

**Pack Size:- 1L, 3L, 210L**
